## CONTOUR

Creation 2022

- Appearances, the boundaries of things,  
and the unformed things within those forms are beyond the Contours.  
It may vary greatly from person to person or object to object.  
But inside the contours there is a realm much deeper  
than the visible part. It is like the surface of the sea and the water...

"His show is on the border between  
street arts and kabuki theater, a Japanese form  
that is very expressive and exaggerated."
